HAVING HEARD THAT AN INFERIOR grade of Flour has been re-packed and offered in the Victoria Market, branded

"GOLDEN GATE SUPERFINE FLOUR,"

We beg to call the attention of merchants and consumers to the subject. All the prominent business houses who deal in flour keep on hand our brands, and it is, therefore, for their interest to join us in tracing out this artifice, if it has really been perpetrated. We shall be very grateful to them, and all our patrons, for such aid as they may afford in discovering the facts in the matter.

Chlorodyne.

CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c.

ALL PAIN, VOMITING AND DISTRESS ceases in a few minutes after taking a dose of that wonderful SEDATIVE ANODYNE and ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr J Collis Browne M.R.C.S.L., (ex-Army Medical Staff,) the recipe of which was confided solely to J. T. Davenport, 33 Great Russell street Bloomsbury square, London (Pharmaceutical Chemist) The medical testimony of civil, hospital, military and naval practitioners pronounce it INVALUABLE It relieves pain of any kind, soothe the restlessness of fever, and imparts the most refreshing sleep, without producing or leaving any of the unpleasant effects of opium.

Earl RUSSELL has graciously favored J. T. Davenport with the following extract of a despatch from Mr. Webb, H. B. M's Consul at Manilla, dated Sept. 17, 1864:—"The remedy most efficacious in its effects (in Epidemic Cholera) has been found to be CHLORODYNE, and with a small quantity given to me by Dr Burke I have saved several lives." Earl Russell communicated to the College of Physicians that he had received a despatch from Her Majesty's Consul at Manilla, to the effect that cholera had been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE.—See "Lancet," December 31, 1864.

From W. Vesalius Pettigrew, M D., Hon. F.R.C.S., England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results."

Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."

Extract from the General Board of Health London, as to its efficacy in Cholera.

"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after eighteen months' severe suffering, and when all other medicines had failed."

CAUTION.—In consequence of the extraordinary efficacy of this remedy, several unprincipled parties have been induced to vend imitations. Never be tempted to buy Chlorodyne except in sealed bottles, having the words, "Dr. J. Collis Browne's Chlorodyne" engraved on the wrapper. A sheet full of medical testimonials accompanies each bottle. Sole manufacturer, J. T. DAVENPORT, 33 Great Russell street, Bloomsbury, London. Sold in bottles, 2s. 9d. and 4s. 6d. Ju24 1yw

HOLLOWAY'S PILLS

Impurities of the Blood.

In selecting the most appropriate medicine for a particular ailment, there may be some difficulty unless one can be found to purify, regulate, and improve the quality of the blood. These Pills possess and exert these three qualifications in an extraordinary degree. They enable the stomach to digest any ordinary food, increase the secretory powers of the liver, cleanse and purify the blood, expel all morbid matter, and throw into the circulation the purest elements for sustaining and repairing the frame.

Weakness and Debility.

How many persons suffer from debility without knowing the causes why they are feeble! In most cases the stomach is the aggressor. Holloway's Pills have long been famed for regulating a disordered stomach, and restoring its healthy digestive tone; they are therefore confidently recommended as a never-failing remedy in all cases where the constitution, from any cause, has become impaired or weakened.

Diseases of the Head and Heart.

These formidable diseases are, unfortunately of frequent occurence; for the most part they creep on gradually, but may be prevented by proper precautions. Holloway's Pills are the surest preservatives against all derangements of the brain and are the speediest correctors of irregular circulation. If they be taken without delay when tingling in the limbs, drowsiness, or giddiness comes on, the effect will be marvelous.

Females of all Ages and Classes.

The fame of these Pills is partly based upon the beneficial effects they have upon the constitutions of females. From the domestic servant to the peeress, universal favour is accorded to them for their invigorating and purifying properties, which render them so safe and invaluable in all disorders peculiar to the sex. Obstructions of every kind, either in young persons entering into womanhood or approaching the turn of life—the most critical period—may be radically removed by a recourse to these Pills.

All Disorders affecting the Liver, Stomach and Bowels.

Whenever the stomach, liver, or bowels are disordered by high living, climate, over indulgence, undue exertion or other causes, these fine regulating Pills will soon rectify the evil, and speedily bring back energy, strength, and cheerfulness to the frame where previously all was lassitude, gloom, and dejection.

Despondency, Low Spirits.

The misery occasioned by a disordered digestion is unfortunately, felt by most. These famous Pills should be taken in appropriate doses, to adjust the disturbed functions. They dispel headache, billiousness, nausea, lowness of spirits, and all similar ailments. A course of these invaluable purifying Pills never fails in removing the cause of such morbid affections, without subjecting the sufferer to any inconvenience.

Influenza, Diptheria, Bronchitis, Coughs and Colds,

In our changeable climate, few persons escape without colds, sore throats, influenza, diptheria, or bronchitis, for all of which these famous corrective Pills may be taken with the certainty of effecting a cure. While the Pills are expelling all impurities from the body generally, Holloway's Ointment should be well rubbed upon the chest and throat; it will penetrate the skin, reduce inflamation, and restore lasting soundness.

Holloway's Pills are the best remedy known in the World for the following diseases:—

Ague	Debility	Inflammation	Secondary Symptoms
Asthma	Dropsy	Jaundice	Tic-Douloureux
Bilious Complaints	Dysentery	Liver Complaints	Tumours
Blotches on the Skin	Erysipelas	Lumbago	Ulcers
Bowel Complaints	Female Irregularities	Piles	Venereal Affections
Colics	Fever of all kinds	Rheumatism	Worms of all kinds
Constipation of the Bowels	Fits	Retention of urine	Weakness from whatever cause, &c., &c.
Consumption	Gout	Scrofula, or King's Evil	
	Headaches	Sore Throats	
	Indigestion	Stone and Gravel

THE GREAT QUESTION IN ENGLAND.

The telegrams from England which we publish this morning touch upon a subject which may deeply affect the fate of these two colonies. We are told that Earl Grosvenor's amendment to the second reading of the Reform Bill will be made the test of the Ministry, or in other words that it will be accepted as a motion of want of confidence in the Government, and Gladstone's firm and defiant attitude leaves no room to doubt the determination of the Ministry to stand or fall on the question: If the Ministry be beaten, however, the union of Vancouver Island and British Columbia will be jeopardized. Certain it is no change in the political condition of either colony will be made the present year. It is needless to discuss the effect of such a calamity on the Island as well on the mainland: Wholesale depopulation could be the only result.

The motion of Earl Grosvenor is well characterized by some of the London journals as an insidious one. It does not take the manly stand and say that reform is inexpedient, but that it is inexpedient to discuss the bill until the whole scheme which the Government has in view shall have been laid before the House. The Government finds it, no doubt, impracticable to deal with the whole scheme in one bill or at one time, and therefore confines its action in the present measure to England and Wales; but Earl Grosvenor and Lord Stanley, with the Conservative phalanx no doubt at their back, take advantage of the difficulty, and without giving any opinion pro or con. on reform, desire to kill the bill on the pretext that it is only a part of a general system; and should therefore be postponed until that general system shall have been introduced. The proposition is virtually what Gladstone implies it is—a want of confidence in the Government; for, if the proposers had confidence in the Ministry they could vote on the merits of the reform measure at present before the House, and trust to the Government to bring in the completion of the scheme. That there is a coalition between the Conservatives and some of the "illiberal Liberals," if we may be allowed to use the expression, there seems very little doubt; and it will in all probability be a hard fight for the Ministerial side of the House to hold its own. There is one great advantage, however, in favor of the Government. It has within its hand the power to precipitate another dissolution. That power just now is worth in itself a great many votes; for there are few men in the House of Commons who like at any time to run the risk and undergo the toil, trouble and expense of an election eering contest; in the present instance, immediately after a general election, the disinclination to face the constituencies is intensified. Many members have spent large sums to get returned, and now when they have just entered into Parliamentary business to be compelled again to go before the "free and independent electors," is a prospect that must strike them with dismay. To this class, whether Conservative or Liberal, the fear of a dissolution will have a marked influence, and the Ministry will find supporters where in less critical times they would be certain to meet enemies.

We have gone on the supposition that Earl Russell if defeated will ask Her Majesty to dissolve the House rather than hand in his resignation, and we think the supposition a correct one. At the late general election the reform question did not enter much into the contest, for the simple reason that Lord Palmerston's Government declined submitting any scheme or making reform a test question; the present Ministry will, therefore, have good grounds in asking for a dissolution, in order that the opinion of the people may be obtained not only on the general principles of reform, but on the particular measure which Parliament refused. Under such circumstances a general election will be a momentous agitation. The cry of the London *Times* and of the Conservative statesman that the people care nothing about reform will be quickly silenced; for, however quiet political affairs may be generally throughout the kingdom, once let the watchword of "extension of the franchise" be taken up in a great political contest, and the country will be shaken to its very centre. Earl Grosvenor and Lord Stanley will have raised a Frankenstein far beyond their efforts to lay. This is the strength of Gladstone and the danger of the Conservatives; for just as surely as a general election takes place on such a question, so surely will that restless political spirit which has lain dormant for many years be resuscitated and called into vigorous action. Every ultra-Liberal from Bright downwards will be, in American parlance, "stumping" the country, and an agitation will be got up strong enough to force from the Government much more liberal terms than even those contained in the present measure before the House. The Conservatives, and even what are called "moderate" men, cannot shut their eyes to this fact. The bold stand, therefore, which Gladstone has taken is likely, when the question comes on for a second reading, to inspire the timid and the wavering with a wholesome dread of popular agitation, and force from them their adhesion to principles which they inwardly condemn. With all the apparent power, therefore, of the enemies of the bill, we have every reason to suppose that the Ministry will carry their measure, and that supposition is heightened at seeing what promises to be a great majority in favor of passing a bill to do away with the absurd restrictions imposed on dissenters in Oxford University. The popularity of abolishing these restrictions as well as the church rates shows what an advance the House has made in liberalism. As a matter of justice we hope to see the reform bill become law, and as a matter concerning the interests of Vancouver Island, we hope to see that law passed without obliging the Ministry to resign, or to postpone the public business by calling for another general election.

A CARD.

TO THE EDITOR OF THE BRITISH COLONIST.

SIR,—Our attention has been drawn to your report of the debates in the Legislative Council on Tuesday last, from some remarks made on that occasion by His Honor the Chief Justice concerning the estate of the deceased Richard Smith, late of the Saanich road. From your published reports his Honor is made to say that the Undertakers made a grab of thirty-six dollars for conveying his remains to the grave. Now as we were the Undertakers in question, we have only to state that no such charge was made as that referred to by the Judge. Our bill for the whole funeral expenses was only thirty dollars—viz.: ten dollars for hearse with two horses, and the attendance of two men for going a distance of some six or eight miles into the country and back to the cemetery; for the coffin we only charged twenty dollars, making in all, as above, thirty dollars—which is much below our usual charges for a funeral of that description. We would not have noticed a matter of this kind only from the fact of the public manner in which the statement was made. From a knowledge of the circumstances of the case we deducted ten dollars from our bill.

If his Honor wishes to exercise the virtue of Charity there is yet ample opportunity for him, as we understand that the family are anything but comfortably situated.

We would only add that if all our charges, and that of the public, were in keeping with the above, we very much fear that the (professions) of Undertaker and Judge would soon have to shoulder their blankets for Big Bend.

Yours, respectfully, SWIGERT & TEAGUE.

SECURE YOUR PREMISES.—The Stipendiary Magistrate yesterday requested the reporters of the Press to caution the public to be more watchful of the security of their premises than heretofore. At this season of the year particularly, when Indians are leaving for their homes, they are prone to make a raise at somebody's expense. Numerous robberies had occurred of late, some of which exhibited the greatest carelessness in the occupiers of houses. The Police force had been reduced, and perhaps it was not advisable under the present state of the colony that it should be increased, but the least the inhabitants could do would be to protect themselves as far as they could. In outside residences beyond the reach of the police this was essentially necessary. He (Mr. Pemberton) took the precaution to have bells attached to the doors and windows of his own residence, and he might mention that just before the robbery of Mr. J. D. Pemberton's house, he heard his window bells ring, and on descending with a revolver no one was to be seen. They had taken alarm and flown. Where these precautions were not observed a terrier or watch dog should be kept. The interests of society and the country generally demanded more care as the place would become the abode of a horde of these characters if these frequent robberies were not checked. Mr. Pemberton recalled some of the performances of two former desperadoes Burnie and Brockie Jack who required the united efforts of the then powerful police to deal with them, and the inhabitants would find such characters among them again if they did not take care. He believed white men were at the back of all these robberies and shared in the plunder.

DARING ESCAPE OF AN INDIAN PRISONER.—The two Indians who were awaiting their trial at Quesnelmouth for the murder of John Morgan, broke gaol on the night of the 4th. One of them escaped, the other was secured through the timely assistance of Messrs. Clark, Bauer, Charles R. Burrage, and one or two others. They freed themselves by breaking the locks and rivets on their shackles while the constable had gone out for a few minutes. On opening the door the Indians attacked the constable with a knife and cut him severely on the left hand and shoulder. He then closed the door and at once gave the alarm. One of the Indians jumped through the window and escaped. Turning when a few yards off, he fired at Alfred McNeil, who was in pursuit of him, but the shot did not take effect; he was armed with a revolver. Several armed parties were immediately on the spot, but owing to the darkness the fugitive was soon out of sight. Two men started to endeavor to find traces of him, and retured on the 7th, having been down to the intersection of the different trails, but they could see no trace of him. He is supposed to have made for the Forks of Quesnel. The following is his description:—Height five feet seven inches; very dark complexion; buckskin underclothing, bluish pants, has a slight cut on the upper lip. He has been twice tried for murder, but escaped for want of evidence.

THE LEGISLATIVE COUNCIL met yesterday. Present—The Hons. Colonial Secretary (presiding), Attorney General, Treasurer, R. Finlayson, Donald Fraser and H. Rhodes. The only business done was the consideration of the Volunteer bill in Committee, the hon. Treasurer in the chair. Clause 12 was amended and passed, so as to authorise the Commander-in-Chief to call out the Volunteer force in case of invasion or other pressing emergency by proclamation setting forth the occasion, and providing that all officers refusing or neglecting to obey such call, except for certain stated causes, shall be deemed deserters. The Committee was occupied during the remainder of the session, with the consideration of the rest of the clauses of the bill.

FROM PORTLAND.—The fine fore-and-aft schooner Pacific, Captain Gage, arrived yesterday morning from Portland, having left that port on Friday, and Astoria on Monday last. We are indebted to the captain and pilot Titcomb for *Oregonians* to the date of her departure, but the news they contain was anticipated by the arrival of the Anderson. The Pacific was warped to the Hudson Bay Company's wharf, where she will discharge her cargo, and then proceed to Nanaimo to load coal for the Portland gas works. The Alfred Crosby left Astoria four hours before the Pacific, and both vessels made a fine run to the Straits, the latter being the first to enter. The Crosby arrived a few hours after.

THE HOUSE OF ASSEMBLY did not meet yesterday, the Clerk of the House being ill. The members who attended were the Speaker, and Messrs. Tolmie, Powell, M'Clure, Ash, and Carswell.

☞ MR. W. D. MOSES will remain in Victoria until April 20th, and will be happy to wait upon ladies and gentlemen who may require his services at their residences. *

PRINCE OF WALES.—Oxford Hats, received per "Dominga" from Townend & Co., London.—A fine invoice of the above very stylish and fashionable Hats.—ADAMS, Pioneer Hatter, Government street and Trounce alley. *

CAUTION TO MINERS GOING TO BIG BEND.—No one should start for these mines without being quite sure that his teeth are in good order. F. W. Cave, Dentist, Trounce Alley, opposite the COLONIST office, is still practising his profession at English prices. *

NEW WESTMINSTER.—Miners and others going to Big Bend or Bridge River will find Hicks' Hotel (which is now kept by W. E Stein, formerly of the Hot Springs,) one of the best and cleanest houses in the city.—Meals and Beds at 50 cents each, and Drinks 12½ cents. * 3m

ISLAND HOTEL ROBBERY.—George, the Thompson River Indian was charged by officer Taylor with having stolen some sheets, counterpanes, clothing and other articles from the premises of Anthony Glover on Government street. Mr. Glover related the circumstances of the two robberies and the capture of the prisoner, which have already been published. He identified some of the stolen goods produced in Court seized by the Police on the Reserve as having been missed on both occasions. Mr. Pemberton remanded the prisoner for further enquiry, as it looked like an organization in which white men or Chinamen were concerned. Mr. Welch said enquiry had been made, but the police were already exhausted and were not strong enough to be effective. Mr. Pemberton remanded the prisoner for three days.

FELL & CO.—Are prepared to supply miners and travelers with every description of groceries and provisions put up in convenient sized packages for transmission to any part of this or the sister Colony, at the lowest Free Port prices. Particular attention is paid to the selection of goods for the Big Bend and Bridge River markets, and parties desiring to procure supplies for those mines may rely upon getting a superior article at our store. Coffee roasted and prepared on an improved principle; and Spices guaranteed free from adulteration, may be had in any desired quantity. FELL & CO., Coffee and Spice Merchants and Family Grocers, Yates street, Victoria V. I. *

COPPER FROM ALBERNI.—The schooner Gazelle, which arrived on Wednesday morning as we were going to press, was from the Alberni Copper mine, on the west coast, and not from Queen Charlotte Island. She brought back Mr. Lange and several miners, and some twelve bags of very good looking ore. The working party had got down with their shaft 60 feet and struck a rich looking vein about four feet thick. This bids fair to be one of the most successful mines on the Island.

THE ALERT PERFORMANCE.—We would remind the playgoing community of the naval performance in the theatre to-night under the patronage of Captain Innes and the officers of the ship. The bill is an attractive one, including the fine Scotch tragedy of "Douglas" and the rich farce of "Which shall I Marry," with an interlude of comic and sentimental singing. We hope to see a full house to greet our gallant tars.

CORRECTION—In our report of the proceedings of the Legislative Council on Tuesday, the compositor made the Hon. Chief Justice say that he did not look upon the adoption of a foreign standard of weights in this colony as a *material* question. It should have read *national* question. The Chief Justice's views on the subject were liberal and sensible.

FROM NANAIMO.—From a person who arrived yesterday from the above port, we learn that the bark Carlotta, Capt. Harrington, had arrived, 13 days from San Francisco. The petition in favor of the Corporation Bill received 100 signatures on the first day. The attempt to have a funeral service over the bill was a failure, none but siwashes participated in it, and the laugh was turned on the originators of the intended joke.

H.M.S. SPARROWHAWK reached Esquimalt from New Westminster yesterday at 6 p.m., having Governor Kennedy and family, with Lieutenant Cooper on board. The Sparrowhawk madegood time from Fraser River, and the Enterprise could not get away from her.

EDITORIAL CHANGE.—Mr. J. W. Dissette, late editor of the *Chronicle*, will, we understand, proceed to Big Bend on Friday next. We learn that Mr. J. K. Suter is at present assisting in the editorial department of that journal.

CUSTOMS RECEIPTS for the week ending Saturday, April 7th, 1866—Duties, $4,602 94; do. Gold, $11 40; Harbor Dues, $81 52; Headmoney, $177 09; Tonnage Dues, $692 22. Total, $5,565 17. Passengers, 180—*Columbian*.

LIQUOR SALE.—Daniel Scott & Co. will sell to-day brandy in bulk, of the best marketable brands, Whiskey, Old Tom, Champagne, Sherry, Port Wine, English Ale, &c.—See advertisement.

HANDS FULL.—The Legislative Council have at present twenty-two bills before them for consideration. The Colonial eggs will undergo nine months' hatching again this year if the Council do not expedite business.

BRITISH COLUMBIA.

IMPORTANT FROM BIG BEND.

Bench Diggings Struck.

Wright's Waggon Road Finished.

The steamer Enterprise arrived yesterday with a few passengers and an express. The *Columbian* publishes the following interesting news from Yale:—

From a reliable miner who arrived here from Lytton City we learn that rich bank diggings have been struck on Carnes Creek, Big Bend. The prospects obtained were so rich as to create great excitement. The discoverer of the diggings immediately proceeded to Lytton City, where he recorded eighteen claims, and he sold *sixteen ounces* of coarse gold, which he had taken out, to Messrs. Buie Bros., merchants. Some prospecting was done in the bed of Carnes creek last fall by a company of old Cariboo ites, of which Bob Nobles was a member. They found that the diggings were deep and that they could not get down to the bed-rock before the winter set in, and being short of provisions they were obliged to leave until spring. The bank diggings were unknown last fall, and their discovery cannot fail to be a valuable addition to the previous discoveries made in the Big Bend country. Lakes Kamloops and Shuswap were not open one week since, but it is the opinion of those who have returned from Savana's Ferry that they will be navigable by this time. A great number of men have already proceeded to the mines from all quarters, and there is but one opinion regarding their great richness and extent. During the present week six pack trains with goods have left Yale for the new mines, and Barnard's stages are running three times a week with passengers. Great progress has been made with the building of the Hudson Bay Company's steamer. The machinery will leave here on Monday next, and it is anticipated that about the first day of May the Marten will be in running order.

FURTHER.

We learn from the resident magistrate here that he has received a letter from the Recording Officer at Lytton City confirming the news of a miner having come there to record eighteen bank claims on Carne's Creek, Big Bend, and also that he had a considerable quantity of gold dust in his possession.

LATER FROM BIG BEND.

From Mr. Thomas Spence, who has just arrived from Cornwall's ranch on the wagon road, we learn that Jim May, an old and well known Cariboo miner, had struck a very rich claim on French Creek, four or five miles further up the stream than any prospecting had been done last fall. The lucky Jim immediately communicated with his old Cariboo chums, and a number, including Jim Sellers, forthwith rushed off to join their former companion and share in his good luck. They have since recorded nine full claims, and the interest excited amongst the miners is very great. Jim May is one of the pioneer prospectors of Cariboo, and he has traversed as much of that mountain region in pursuit of gold as any man who has ever ventured into the upper country. He left Soda Creek about the 1st November last year for the Big Bend, and has wintered there.

The waggon road to the lakes has been completed, and nearly all Wright's men have been discharged. Waggons have passed over the new road already.

The ice on the lakes has become too dangerous to cross over, so that its immediate break up is looked for. Hundreds of men are camping at Kamloops waiting for the ice to break up to get into the mines.

GOOD NEWS FROM BRIDGE RIVER.

Lillooet correspondence of the *Columbian* dated the 7th inst., thus alludes to a sample of gold from Bridge River sent down for exhibition:

It is handsome a sample as I ever saw in either hemisphere, and is the one half of the first week's wash from the China claim wing-dam. The probable amount this claim may yield before the rising of the waters, and before almost any white men in the country get a cent, is reckoned by competent prospectors at fifty-five thousand dollars, between the party of twelve. In case miners should labor under the impression that I am trying to pass this sample off as from the new mines found by Jamieson and party last fall, I wish distinctly to say that this is obtained full 70 miles lower down the river from ground of which plenty promises as well, that can be best opened during the fall and sluiced out before the spring floods. From the upper or summer side we have no news except confirmation of the accounts published last fall, from the fact that the ground is yet kept in its virgin state by the frost. The new discoveries have never been represented as "pile" diggings, but as good, steady pay. Old residents may remember that Lillooet District first made the country, and I assert that, if properly called on, our Bridge River can sustain it. Chinese industry often triumphs where British indolence gives it up. These men who produce the sample may be styled lucky, when the truth is they worked at times (but not at the coldest) when white men, with just as fair chances, were idling round and spending more than it would take to open the work.

The sample, which contains 20½ ozs. of beautiful gold, the result of one week's work of 12 Chinamen was to be seen at the office of Messrs. Dietz & Nelson.

FROM QUESNELMOUTH.

QUESNELMOUTH, April 7—The Fraser river is not safe to cross upon the ice. It is expected that navigation will be opened in a few days.

The roads to Williams Creek are very bad. The weather is fine.

The ice commenced breaking up here this afternoon, and made quite an opening in the middle of the river.

FROM SIMILKAMEEN.

HOPE, April 7 An Indian arrived yesterday from Similkameen with an express. He reports travelling over the mountains very good. In the valley the snow had disappeared; everything bore the appearance of spring. Stock had wintered well on the Similkameen; horses and cattle are in good condition. He brings no news from Big Bend or Kootenay. OPERATOR.

FROM YALE.

FROM YALE—The steamer Reliance, Capt. Irving, arrived from Yale and Hope on Monday, connecting with the Douglas steamers at Harrisonmouth.

Trade was brisk at Yale, and goods were being forwarded on to the Big Bend mines at a lively rate.

FROM CARIBOO.

We are without any definite information from Cariboo, although it is currently reported that rich pay had been struck on Grouse Creek.

European News.

THE REFORM BILL—FENIAN AFFAIRS—ANGLO-AMERICAN TELEGRAPH—DEATH OF THE EX-QUEEN OF THE FRENCH—DISSENTERS AT OXFORD, AUSTRIA AND PRUSSIA, &c.

PORTLAND, ME., April 4—The steamer Damascus arrived this evening with dates to March 23d.

In the House of Commons, on the 21st, the bill abolishing certain restrictions on dissenters at Oxford University was debated and carried to second reading by a large majority.

The *Daily News* regards this discussion as the best criterion yet presented of the strength of parties in the new parliament.

The chances of the reform bill continued to be busily canvassed by the journals; some opposed contending that Earl Grosvenor's amendment will seal the doom of the bill, while the other side anticipate little or no danger from it, unless there is a severe defection in the ranks of the Liberals.

A London letter says Earl Grosvenor's amendment was drawn up by D'Israeli. If it should obtain a majority it will be followed immediately either by the resignation of the Government or the dissolution of the House, but most probably by a dissolution.

The statements in regard to Austria and Prussia are conflicting. The German firms in London have uniformly ridiculed the idea of hostilities, and the latest telegrams are of a reassuring character; but still the German press continues dealing in warlike rumors.

Recruiting of Austrian volunteers for Mexico was about to commence.

NEW YORK, April 5—The steamer Cuba from Liverpool 24th via Queenstown 25th has arrived.

Fenian affairs had received some attention in parliament. The Attorney General for Ireland said with respect to parties under arrest who had come from America, he was ready to give favorable consideration to their applications for discharge provided they leave Ireland.

Gladstone announced that the Government intended to proceed with the Reform Bill regardless of suggestions and proposed amendments. They would resist Grosvenor's amendment as it implied a want of confidence in the Government.

The Hourse adjourned to the 9th of April for the Easter Holidays.

The stock of the Anglo-American Telegraph Co. £600,000 is all subscribed and the books closed. The cable progresses at the rate of 19 nautical miles per day.

Napoleon received the address of the Corps Legislatif, and made a speech accepting the vote of the great majority as a continued indorsement of his policy. He also spoke in favor of an extention of liberty calculated to strengthen the Government—not such liberty as may become an arm to undermine and subvert it.

LONDON, March 24—Consols 86½, 5-20's 71@71¼.

LIVERPOOL, March 25—The Ex-Queen of the French, widow of Louis Phillippe, died at Claremont yesterday.

FROM CHINA.

Shanghae advices of February 21st represent that the Nienfi Rebels were threatening the northern ports, where they had occasioned great alarm. Vigorous preparations had been made for resisting them.

The French Consul at Shanghae had been imprisoned for refusing to give up certain documents.

ON THEIR WAY TO IDAHO AND MONTANA TERRITORIES.

The steamers Pacific and Montana, which will sail this morning for Portland, Oregon, will carry up quite a number of sturdy and hard-fisted miners, who have determined to try their fortunes in the much vaunted gold fields to be found in the Territories of Idaho and Montana. The major portion of them will cross the Rocky Mountains and proceed to the Blackfoot diggings on the Eastern slope of the mountains. The mining district, with the principal city, Helena, is located in the Prickly Pear valley, on the very head waters of the upper Missouri river, near the dividing ridge separating the Columbia and Missouri waters; the distance between the two slopes, via "Mullan's Pass," is so short that the traveler can drink from the limpid waters of the Columbia in the morning, and (crossing the "divide") quaff the water of the Missouri, at noon. Blackfoot is about 470 miles northwest from Walla Walla, in Washington Territory, and some 150 miles south of Fort Benton—which is the highest point that steamboats from St. Louis have yet reached on the upper Missouri. We are informed by a gentleman who belonged to the expedition, that Mullan's party found gold on the Missouri as early as 1858, while engaged in building a Government road through that country. The party was composed mostly of men who had mined in California in '49; they had become disgusted with their adventure to Fraser river, B. C., and joined the Government party in order to have an opportunity to return to the Atlantic States, via the Missouri, so soon as they should reach Fort Benton. They, however, knew what a gold bearing country was, and said: "Before many years a second California in early days, will be opened up here"—just where the celebrated Blackfoot mines now are. The Government road party also found red hermatite iron ore, traces of copper, plumbago, etc. Cinnabar is said to exist along the Hell's Gate, and at a point along the Upper Missouri. Coal is found on the Upper Missouri, and a deposit of cannel coal near the "Three Buttes," northwest of Fort Benton is supposed to exist. In this connection we may observe that the Oregon Steam Navigation Company are having built a steamboat at the foot of Pend'Oreille Lake, intending to run here some eighty miles to the head of the Lake; thence to Blackfoot is about 230 miles. The steamer will be completed early in April, when Mr. Wm. K. Ish, of Oregon, will place a line of stages upon the line, to connect with the O. S. N. Company's steamers at some point on the Columbia—perhaps at Wallulu or Palouse; landing thence, via steamboat on lake to the mines. The fare from the Columbia, including the Lake passage, will be $100. Now that the fare hence to Portland, Oregon, is put down so low, it is estimated that the sum of $130 will amply suffice to carry a person from San Francisco into the Blackfoot mines.—*S. F. Flag, March* 31.

HOLLOWAY'S PILLS.—No family should be without these pills.—Their long-tried efficacy in removing indigestion, stimulating the bowels, and purifying the blood, have secured them imperishable praise throughout the globe. Whatever the disease, a few doses will relieve the more urgent symptoms and thereafter completely control all disordered action, rouse the torpid liver, empty the engorged spleen, cleanse the obstructed kidneys, assimilate the food, improve the blood, and thereby confer on the brain and every function healthful vigour, natural activity, and wholesome regularity. In cases of indigestion, dimness of sight, headache, mental and physical lassitude, these restorative Pills act as a charm. They expel rheumatism and gout, while they infallibly correct female complaints in young and old, delicate and robust.

Cariboo Sentinel.

THE UNDERSIGNED, PROPRIETORS and Publishers of the CARIBOO SENTINEL, in announcing to their friends and the public that their arrangements have been completed for issuing the first number on or about the first day of May next, would most respectfully solicit a continuance of the patronage and support heretofore bestowed on them.

While intimating their determination of publishing twice, instead of once a week as formerly, the undersigned would draw attention to the very efficient postal system now established throughout British Columbia, which will enable them to forward the SENTINEL to nearly every Mining Camp in the Colony, particularly to the newly discovered Mines on the Columbia, from whence they will be in constant receipt of the latest and most reliable intelligence, thus rendering the columns of their paper a most desirable medium of publicity for the business public.

They have appointed Mr. E. MALLANDAINE, of Government street, their Agent for Victoria, with full power to transact business generally on their behalf. All orders sent to him will receive the strictest attention.

BIG BEND

GOLD MINES,

British Columbia

The **Safest**, the **Shortest** and the **Cheapest Route** to these rich **Placer Mines** is by way of

Victoria, Vancouver Island.

Passengers going this way have not to cross the dangerous Columbia River Bar, and the distance is over **One-Third**—or **279 Miles—Shorter by way of Victoria** than by way of Portland.

The Governments of Vancouver Island and British Columbia have subsidised the following powerful steamers to carry miners from San Francisco to Victoria and New Westminster direct:—

The Hudson Bay Co.'s Stmr. Labouchere, Capt. Mouat.

The Cal. S. N. Co.'s Stmr. Active, Capt. Thorn.

These, or other first-class steamers, will run on this route regularly, and will connect at Victoria with swift River steamers carrying passengers to Yale, a distance of 175 miles. From Yale to Savana Ferry, a distance of 133 miles, there is a splendid Government Wagon Road and Comfortable way-side Houses every few miles; over this road travellers can easily walk, or they can ride in Barnard's Fast Four-horse Stages. From Savana Ferry the Hudson Bay Co.'s new and swift **Steamer Marten** will run to Ogden City, upper end of Shuswap Lake, a distance of 111 miles. From Ogden City to the Columbia River, a distance of 34 miles, there is an excellent Government Pack Trail.

Miners Going to the Rich Mines of

BRIDGE RIVER

—OR—

CARIBOO

can do so by the Government Wagon Road from Yale, over which it is easy to walk, or travellers can ride in fast Stages.

The Steamers running from San Francisco for the conveyance of passengers, by way of Victoria and the Fraser River, being under contract to the British Colonial Governments, the Rates of Fare charged are very low, and passengers are expeditiously, comfortably and cheaply conveyed from Victoria to the mines.

Miners going from San Francisco to the British Columbia Gold Mines will derive another great advantage by visiting the FREE PORT OF VICTORIA. In Victoria, Miners can supply themselves with every article they require, free of duty, and 25 to 50 per cent cheaper than they can buy similar goods in California or Oregon.

A CARD FROM NANAIMO.

WE, THE UNDERSIGNED, MEMbers of the Committee appointed by the Chairman of a public meeting, held at Nanaimo on February 7th, 1866, for the purpose of assisting Mr Cunningham in drafting a Bill having for its object the Incorporation of the Town, and having met for that purpose at the Court House here on Feb. 12th and 14th, Mr C S Nichol in the chair, fully discussed and decided upon the principles of the bill. The Chairman took a most active part in the proceedings, and made numerous suggestions, some of which were adopted and embodied in the draft, viz.: That the Incorporation should include the whole of the Nanaimo District, from the Chase River northwards, the appointment of a town clerk, surveyor, assessor, and collector, strongly urging the amalgamation of the offices; and as to the qualifications for electors and members of the Council, and cordially agreeing with the action taken by the Committee generally. Now, having in good faith carried out the duties imposed upon us by the public meeting, it is with feelings of unfeigned surprise and regret we learn that Mr C S. Nicol, notwithstanding his acknowledgment as to the necessity for such a bill, and his concurrence in the general principles adopted at the meeting, has now resolved upon a contrary course, and given his signature and countenance to a petition to the Legislative Council, praying that honorable body to throw out the Nanaimo Municipal Bill when presented.

HOLLOWAY'S PILLS

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one:—Drink but little wine, beer, or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of the Pills every night; eat plenty of solids, and avoid the use of slops. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters

If there is one thing more than another for which these Pills are so famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous, and renewing suspended secretions. Universally adopted as the one grand remedy for female complaints these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief after all other means have failed.

Stomach out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm—in fact they never fail in curing all disorders of the liver and stomach.

Bronchitis, Diptheria, Coughs and Colds

No diseases are more frequent, few more dangerous, than affections of the respiratory organs. The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of the blood, relieve the overgorged veins, moderate the hurried breathing, and enable the windpipe and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers cleanse the blood from all impurities and thus fortify the system against consumption, asthma, and other pulmonary complaints.

Debilitated Constitutions

In cases of debility, languor, and nervousness generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of diseases re-establish the digestion, regulate all the secretions, brace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigor.

Biliousness, Loss of Appetite, Headache, and Lowness of Spirits.

These Pills effect a truly wonderful change in debilitated constitutions, as they create a healthy appetite, correct indigestion, remove excess of bile and overcome giddiness, headache and palpitation of the heart.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Dropsy	Jaundice	Secondary Symptoms
Asthma	Dysentery	Liver Complaints	Tic-Douloureux
Billious Complaints	Erysipelas	Lumbago	Tumours
Blotches on the Skin	Female Irregularities	Piles	Ulcers
Bowel Complaints	Fevers of all kinds	Rheumatism	Venereal Affections
Colics	Fits	Retention of Urine	Worms of all kinds
Constipation of Bowels	Gout	Scrofula, or King's Evil	Weakness, from whatever cause &c., &c.
Consumption	Head-ache	Sore Throat	
Debility	Indigestion	Stone and Gravel	
	Inflammation

TO WHOM IT MAY CONCERN.

THIS IS TO CERTIFY THAT FROM some cause or complaint of the head our hair commenced falling out so rapidly that we feared we should lose the whole. In this condition we went to W. D. MOSES, and strange to relate, in THREE applications of his wonderful Hair Restorative our hair became as strong as ever, and is now soft and lively. We make this certificate with pleasure, believing it to be for the public good.

GEORGE COFFRIN, Cameronton.
ROBERT WARREN, Barkerville.
H. S. REDGRAVE, Richfield.

Williams Creek, 1st July, 1865.

Moses' Hair Invigorator,

TO PREVENT BALDNESS, RESTORE hair that has fallen off or become thin, and to cure effectually Scurf or Dandruff. It will also relieve the headache, and give the hair a darker and glossy color, and the free use of it will keep both the skin and hair in a healthy state. Ladies will find the Invigorator a great addition to toilet, both in consideration of the delicate and agreeable perfume, and the great facility it affords in dressing the hair, which, when moist with it, can be dressed in any required form, so as to preserve its place, whether plain or in curls. When used on children's heads, it lays the foundation for a good head of hair.

Prepared only by

W. D. MOSES,
At Randal Cæsar's Barber Shop,

m25 1mis Yates street, next Hibben & Carswell.

CARD OF ACKNOWLEDGMENT.

TO MR. W. D. MOSES:

SIR,—IN THE YEARS 1860 AND 1861, from a long and severe illness, my hair became very weak, and was falling off in a most fearful manner, and I was in dread of becoming entirely bald when I was recommended by a lady residing in Fort street to try your **INVIGORATOR.** After a few applications by you, and after using three bottles of the Invigorator, my hair was restored and became as thick and strong as it ever was before.

MARY A. LEWIS,
Johnson street.

Victoria, V. I., March 27, 1866. ap2 1m

THIS IS TO CERTIFY

THAT A LITTLE MORE THAN fourteen years ago, owing to a severe fit of sickness, I lost nearly all of my hair, the crown of my head becoming quite bald, and has been so ever since until the past summer, when hearing of the marvellous success of W. D. Moses in several cases where it seemed almost hopeless to do so, on Williams Creek, Cariboo, I was induced to let him try his skill on me—but without faith in his ability to restore my hair, it having been so long out; but miraculous as it may appear in three months' time I was happily surprised to find a new growth of hair coming out, which is daily becoming stronger and thicker. To any one requiring his profession al services as above, I would merely say that he possesses a skill and knowledge in restoring hair that I have never met with before.

BENSON'S WATCHES & CLOCKS

WATCH AND CLOCK MAKER, BY SPECIAL APPOINTMENT, TO HIS ROYAL HIGHNESS THE PRINCE OF WALES.

Opinions of the London Press upon Benson's Great Clock and Watches in the Exhibition, 1862

"As a sample of English clock-work on a large scale, the works of this are probably the finest finished that have ever been seen in this country, No Chronometer could be fitted with more perfect or carefully adjusted mechanism.—*Times*, June 11, 1862.

"A triumph of ingenuity.—*Telegraph*, March 21, 1862.

"A more splendid and exquisitely finished piece of mechanism we have never seen."—*Standard*, June 7, 1862.

"Some of them are of great beauty, and if the English watch trade only follow up with the same spirit and success this first attempt to compete with foreigners in decorative watches, there seems to be no reason why we should not get the trade entirely into our own hands."—*Times*, June 23, 1862.

"Ranged around the base of the clock were the Watches which Mr. Benson exhibited, and which have been universally admired for the beauty and elegance of the designs engraved upon them. The movements are of the finest quality which the art of horology is at present capable of producing. The clock and watches were objects of great attraction, and well repaid the trouble of an inspection."—*Illustrated London News* November 8th, 1862

HOLLOWAY'S PILLS AND OINTMENT—Stomach and Kidneys. Between these two organs there exists a close and intimate relation which is demonstrated by the wasting which occurs in all diseases afflicting the kidneys. The disordered stomach is often the first index of renal irregularity. Holloway's remedies used at that juncture would cut short many a serious and fatal attack. They act with wonderful efficacy on every organ of secretion, but especially do they regulate the stomach, liver and kidneys, in restoring their healthy functions, and casting out any obstructions or impurities. It is necessary for the ointment to be well rubbed into the small of the back twice daily, when it is absorbed and greatly augments the purifying and salutary influence of the Pills.

HOLLOWAY'S OINTMENT.—Wounds, Scalds, Burns, and Irritating Sores.—The peculiarly mild, soothing, anti-inflammatory power exerted by this Ointment strongly recommends its use to all persons who have charge of children. Accidents will occur in the nursery in spite of the greatest caution and utmost vigilance. The scratch, the burn, or the scald, treated early with this Ointment, assumes no angry aspect, and never long tortures the little sufferer, whose very cry excites each bystander's compassion and pierces the parents heart. Every nurse should consider this invaluable Ointment an essential to a well appointed nursery. The Ointment is applicable to any sore, whatever its character. It conducts to health as sure as the compass points to the north.

HOLLOWAY'S OINTMENT AND PILLS—Palpitation, Shortness of Breath, Dropsy.—This last named disease is often preceded by irregular action of the heart, and difficult respiration which symptoms are always severe, and ever go from bad to worse, unless proper means of cure be resorted to. In Holloway's unrivalled Ointment and Pills the dropsical patient will ever find succour; the present relief derived from the use of these remedies is marvellously quick, and perseverance in the steady application of this noble Ointment invariably results in a lasting and satisfactory cure. The two medicines act with such energy on the circulation and absorbent system, that the dropsical fluid vanishes, and the sufferer finds all the oppressive symptoms daily decline, till natural health returns.

HOLLOWAY' OINTMENT AND PILLS.—Fistulas, Piles, Excoriations, and Strictures, are speedily relieved and ultimately removed by applying this Ointment after fomentation with warm water. Persons suffering from these scourges of the human frame should arrest their progress at once, for it is both insidious and rapid. Fistulas, if long allowed to go on unchecked, not only weaken the nervous system, but destroy life. The sooner these inestimable remedies are used the more certain is success; yet none should despair, hopeless cases have often yielded, and the sufferer has been saved a painful death. In excoriations, a few applications of this healing Ointment effect a cure, while the Pills, conjointly used, are especially beneficial in relaxing and removing strictures, whatever their situation or duration.

HOLLOWAY'S OINTMENT AND PILLS, a certain remedy for diseases of the skin—Ringworm, scurvy, scrofula, or king's evil, sore heads, and the most inveterate skin diseases to which the human race is subject, cannot be treated with a more safe and speedy remedy than Holloway's Ointment and Pills, which act so peculiarly on the constitution, and so purify the blood that those diseases are eradicated from the system, and a lasting cure is obtained. They are equally efficacious in the cure of tumours, burns, scalds, glandular swellings, ulcerous wounds, rheumatism, contracted and stiff joints. These medicines operate mildly and surely. The cure effected by them is not temporary or apparent only, but complete and permanent.

NO FALSE CALLS TO THE WATER CLOSET.

BUT A BRISK AND THOROUGH EVACUATION FROM THE BOWELS IS ALWAYS SECURED.

Newly Discovered Principles in Purgatives.

Dr. Radway's Pills are the best Purgative Pills in the world, and the only Vegetable Substitute for Calomel or Mercury ever discovered. They are composed of VEGETABLE EXTRACTS FROM ROOTS, HERBS, PLANTS, GUMS, SEEDS, FLOWERS, BARKS, FRUITS AND WEEDS, PREPARED IN VACUO.

One grain of the extract of the medicinal properties of Radway's Pills, possess a greater curative power over disease than a thousand of the crude and inert materials that enter into all other pills in use. These Pills are compounded of the active medicinal properties of the Roots, Herbs, Plants, Flowers, Gums, &c. of which they are composed. One dose will prove their superiority to all other pills They

AS EVACUANTS.

They are more certain and thorough than the Drastic Pills of Aloes, or Croton or Harlem Oil, or Elaterium; and more soothing and healing than Senna, or Rhubarb, or Tamarinds, or Castor Oil.

IN SUDDEN ATTACKS OF

Inflammation of the Bowels or Stomach, Liver, Spleen, Pancreas or Kidneys, Bilious Cholic or Bilious Fever, Erysipelas or Congestive Fever, Small Pox, Measles, or Scarlet Fever,

SIX TO EIGHT OF DR. RADWAY'S REGULATING PILLS WILL PURGE THESE DISEASES FROM THE SYSTEM IN SIX HOURS.

One dose of Dr. Radway's Pills will cleanse the intestinal canal, and purge from the bowels all offending and retained humors, as thoroughly as lobelia or the best approved emetic will cleanse the stomach, without producing inflammation, irritation, weakness,

AS ALTERATIVES,

They exercise a more powerful influence over the liver and its secretions than calomel, mercury, blue pill, hence their importance in cases of Liver Complaints and Spleen Difficulties, Jaundice, Dyspepsia, Bilious attacks, Headache, &c. In the treatment of Fevers, either Bilious, Yellow, Typhoid, and other reducing Fevers, they are superior to quinine. Their influence extends over the entire system, controlling, strengthening, and bracing up the relaxed and wasting energies, and regulating all the secretions to the natural performance of their duties, cleansing and purifying the blood, and purging from the system all diseased deposits and impure humors.

DR. RADWAY'S PILLS.

Palpitations,	Fainting,	Pleurisy.
Scarlet Fever,	Dizziness,	
Bilious Fever,	Retention of Urine,	

If afflicted with either of the above named diseases, "one to six" boxes of Dr. Radway's Pills will cure you. By taking a few doses of the common Drastic Pills—that gripe and pinch you when they operate—you may obtain temporary relief; but if you stop taking these imperfect pills for a week or a month, your old complaint returns Now, this is not the method of cure indicated by Dr. Radway's Pills. They make a perfect cure, and the patient will not require any more medicine.

PILES, STRAINING AND TENESMUS,
PILES, STRAINING AND TENESMUS,

Are the results of Inflammation or irritation of the mucous membrane of the bowels, induced by drastic pills—these imperfect pills, instead of being dissolved by the chile, are carried to the lower bowels, and induce a peristaltic movement or evacuation by their irritation—hence the straining, cramps, wrenching pains, piles and tenesmus, and the frequent false calls to the water closet, that patients undergo who take these imperfect pills.

If you would avoid these annoyances, whenever a purgative medicine is required, take a dose of

RADWAY'S REGULATING PILLS.

THEY WILL PURGE THOROUGHLY AND LEAVE

THE BOWELS REGULAR.

Persons afflicted with Piles, may rely on a positive cure by their use.

HOLLOWAY'S OINTMENT AND PILLS.—The only medical chest that is furnished with these powerful remedies needs nothing more. Indigestion, general debility, liver complaint, eruptions, cuts, wounds, ulcers, tumours, &c., are infallibly cured by their use. They purify the blood and give tone and vigour to the whole system. The Ointment, when well rubbed into the parts affected, enters the flesh just as salt enters meat, and if the Pills be taken as an auxiliary, the cure is speedy, thorough, and permanent. These medicaments are composed of rare balsams, without the admixture of a grain of mercury or any injurious substance. They are peculiarly mild and gentle in their action, and are as safe as they are efficacious.

HOLLOWAY'S PILLS AND OINTMENT.—Influenza, Colds.—In diseases of the throat and chest, so prevalent in this country, nothing so speedily relieves or so certainly cures as these inestimable remedies. These disorders are too often neglected at the commencement; or are injudiciously treated, resulting in either case, in disastrous consequences. Whatever the condition of the patient, Holloway's medicines will restore, if recovery be possible; they will retard the alarming symptoms till the blood is purified and Nature consummates the cure, gradually restoring strength and vital nervous power. By persevering in the use of Holloway's preparations, tone is conferred on the stomach and frame generally; the fluids are regenerated, morbific matter is expelled, and a happy revolution occurs throughout the system.

HOLLOWAY'S OINTMENT AND PILLS—These potent remedies constitute a *materia medica* in themselves, for there is no internal or external disorder controllable by medicine for which the one or the other of them is not a positive remedy—eruptions, tumors, scrofula, scurvy, cancer, asthma, rheumatism, gout, and dropsy entirely subside and disappear under the action of these joint medicines; and in cases of indigestion, sick headache, bile, liver complaints, debility, and other disorders originating in the internal organs, the Pills produce the most astounding results imaginable. The student of Nature knows how simple are her ways; if one preparation can throw out all the impurities of the blood, disease is conquered and art is triumphant, because it adopted the simplicity of Nature.

HOLLOWAY'S OINTMENT AND PILLS—Acute Rheumatism. In all severe pains in the joints and muscles, after due fomentation with hot water, the soothing action of this Ointment is most remarkable; it seems at once to lessen inflammation, ease pain, reduce the swelling, restore the free circulation, and expel the disease. In these complaints, indeed, Holloway's Ointment and Pills are an infallible specific. The Ointment should be rubbed as near the part in pain as the patient can bear; it is absorbed and directly conveyed to the diseased textures, when, acting on nerves, vessels, and guiders, it will arrest disease and again establish healthy action. The aperient and purifying qualities of the Pills have the happiest effect in assisting the Ointment.

HOLLOWAY'S PILLS.—General debility, low spirits, and nervous irritation, are the consequences of dyspepsia or indigestion. The Pills soon give tone to the stomach, renovate the digestive powers, purify the blood, and give strength to the whole system. Sluggishness of the body and depression of the mind are succeeded by a cheerful activity of the physical and mental functions. Indigestion is the parent of so many evils, and is so common, so universal a complaint, that it is a great blessing that such a remedy as this invaluable medicine should have been discovered. No one need long suffer from indigestion with these Pills at hand.
